Want to give someone a unique and attractive gift this year? Need to keep warm during the winter months? Give yourself a treat and dress up your winter coats.

Check out the knit items made by Jean's Joy. Jean prepares her knitted hats, cowls, scarves, shawls, etc. with the utmost care - envisioning how they will be enjoyed by others as much as they give her joy in creating them. She finds knitting to be a wonderful creative and therapeutic outlet.

Jean moved to Nelson County in 2020 after working as a medical librarian for almost forty years. She enjoys working in the Rockfish Gallery & Gifts, as she gets to meet many of her neighbors.

If you don't see the color you want or the item you desire, send your special request via a message to mjshipman@msn.com.
