Painter of landscapes, people, abstracts; maker of collages, 3D art, and anything that catches my interest!

I come from a family of artists, musicians, dancers and photographers. I was born in Asia and have lived in Japan, Australia and in Southern California, before moving to Alexandria, VA. My surroundings have greatly influenced my art, from my childhood in Japan, to my time in Australia and the Southern California coast. I now spend as much time as possible at our Blue Ridge mountain home above RVCC.-- inspiration for many of my paintings. I exhibit regularly at the Del Ray Artisans Gallery and at the Art League Gallery, both in Alexandria. I am pleased to show my art here at Rockfish Gifts & Gallery,
